

From Smart to Genius Modernisation Solution

KLEEMANN GENIUS20

Upgrade your lift's safety, performance, and reliability with KLEEMANN GENIUS20 - the smart modernisation solution designed for fast installation with minimal disruption to building's aesthetics and residents. Enjoy smoother ride, improved energy efficiency, advanced connectivity and lower overall costs.

Quick & easy installation

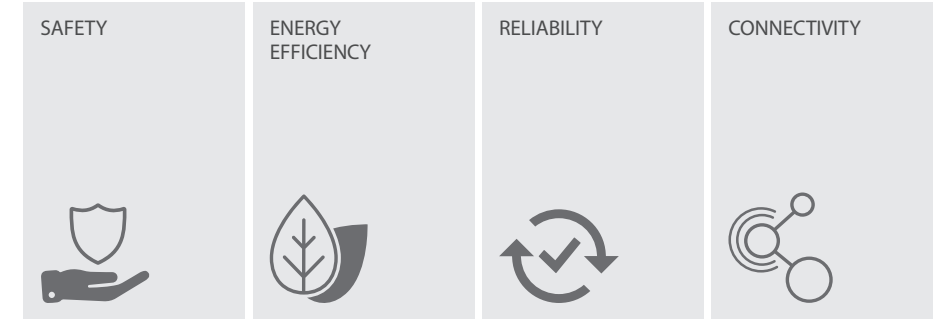

Fit inside existing cabinet & minimised installation time

The specially designed controller board seamlessly integrates into the existing cabinet, eliminating the need for extensive modifications and reducing installation complexity.

Reduced labor costs

With no need for costly cabinet replacements or extensive rewiring, the overall installation time is significantly reduced, translating into lower labor costs.

Key features

Benefits of modernisation

Access GENIUS20 remotely any time with

Safety

Modernising the controller, car door, and motor improves lift safety by reducing operational faults, delivering consistently smooth, reliable, and secure operation. It also complies with the latest UCM (Unintended Car Movement) protection standards - EN 81-20/50 and A3, aligning your lift with today's most advanced safety regulations.

Efficiency

Energy savings are achieved with the KLEEMANN GENIUS20 controller, which consumes less energy than older systems. Minimise energy consumption by combining it with our stand by mode and regeneration drive.

Performance

The GENIUS20 controller delivers greater speed and precision, offering higher leveling accuracy and advanced performance that reduces travel time and enhances ride comfort. Thanks to its upgraded motor and intelligent control system, noise and vibration are significantly minimised, further improving passenger comfort and making every ride feel effortless.

Remote monitoring & control

With the advanced connectivity features of KLEEMANN Live, you can monitor the lift's performance and receive remote diagnostics, which allows for proactive maintenance and reduces downtime.
